

Quick Intro to the new CTKCS Plus Portal for Parents and for Students

CTKCS Plus Portal Website:
<https://www.plusportals.com/CTKCS> or
click on the link on our school website in the top left corner

Username: Your Email Address
Password: Set up by you

***An email was sent to all the parent email addresses in our database with the information to set up your account and change your password. If you have not received your account activation email, please [click here](#) to report your problem.**

****Students will set up their account in school during computer class.**

CTKCS will no longer be using Solutions as a communication tool between parents, students and teachers or as a grade portal. We are now using Rediker's Parent and Student Plus Portals to provide online real time communication between the school, students, and their families. Every parent as well as students in grades 5-8 have been issued Plus Portal accounts and can now log into the Portals on any computer or mobile device to access their information.

The interactive Plus Portal enables the school and teachers to share information, grades, and engage with parents and students in a secure and private environment.

Through their log in to the CTKCS Plus Portal, parents can view:

- ✓ student grades,
- ✓ teacher postings,
- ✓ attendance and discipline records,
- ✓ the school calendar,
- ✓ other CTKCS community information,
- ✓ demographic information for their CTKCS students

The Plus Portals for Parents and Students also allows access to posted forms such as:

- ✓ teacher rubrics,
- ✓ study guides,
- ✓ newsletters,
- ✓ field trip forms,
- ✓ special lunch orders

Some modules of the new program, like discipline and some forms, will not be available right away, as it will take some time to fully integrate and customize our new system. However, we anticipate all portions to be active and useable by the end of the 1st Quarter. The majority of the program is ready now to enhance the communication between the school and our families so we encourage everyone at CTKCS to dive right in and start using the many features that are available to you through your Plus Portal log in.

The following link has interactive guides and videos on what to expect in the portal and will walk you through how to find information:
